

# The SyrVet Insider

December 2010 Edition

**NEW!**

**Simplex I.V. Set with Needle**

**Oral Fluidfeeder**

**Livestock Markers**

This reusable I.V. set is made from high-quality, silicone-based plastic, and is extra-long with 72" of clear tubing. It is made specifically for large animals and comes COMPLETE with a 14G x 2" stainless steel aluminum hub needle.

The easy-to-use clamp regulates the flow of I.V. fluids, and the funnel with air vent and tubing fits any standard 500ml bottle. The set is ready to use.

Item # TA8145

A safe and practical way to fluid feed calves! The flexible plastic esophageal probe directs fluids and vital nutrients directly to the stomach. Fluid feeding is also a recommended procedure for rehydrating stressed cattle.

The container holds 4 pints / 2 quarts of liquid/drench feed.

Item # TA20006

SyrVet's Livestock Markers in push-up dispensers are as good as, if not better than Paintstik® and RAIDEX marking sticks. Fade resistant, they stand up to all types of weather and will mark wet or dry animals. Attractive point-of-purchase display box.

12 markers / box; 12 boxes / case (144 markers / case)

## Helping Others is Always in Season

The holiday season is a good time to reflect on the things we do for others out of our willingness to just simply help. For the past five years, SyrVet has been a sponsor of the Partner with Youth program of the YMCA of Greater Des Moines. This program allows children to attend the Y Camp in Boone, Iowa, over the summer. Without sponsors, many of these children would not be able to participate. Every year campers enjoy swimming, horseback riding, archery, canoeing, crafts, and making new friends.

We are happy to help our community in this way, and encourage you to volunteer your time, talent, or treasure to help a non-profit organization in your area. You'll find it satisfying to contribute in a way that benefits others. To find opportunities to lend a hand, visit the United Way's website at <http://liveunited.org/>
