

The SyrVet Insider

September 2011 Edition

California Mastitis Test

The California Mastitis Test (C.M.T.) is a quick, simple test that helps to predict the somatic cell count of milk from individual quarters or on composite milk samples. 1 L / 32 fl. oz.

Also available is the C.M.T paddle, which has four sections in which to express milk from quarters for testing.

Hard Pack Disposable Syringes

These disposable syringes are packed in strong, tamper-evident cartridges. Designed for farm animal use, the reinforced luer lock & luer slip tips reduce breakage. The extra lubricated rubber plunger assures smooth delivery of medication. Sterile, latex free, non-pyrogenic, and autoclavable.

Sizes available: 3cc, 6cc, 12cc, 20cc, 35cc, and 60cc.

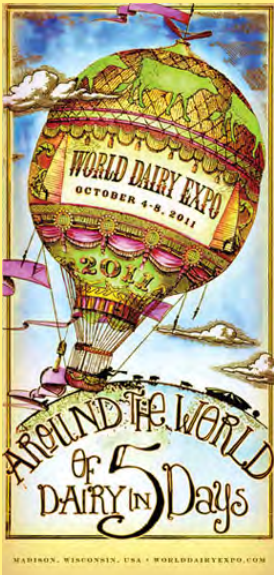

OB Gloves

Our shoulder-length OB gloves are a must for messy jobs. All gloves are sensitive with smooth & strong seams. Three types available:

Clear: 36" (92 cm), 1 mil and 1¼ mil thickness

Super Sensitive Orange: 36" (92 cm)

SyrTek Brown: Extra-long 39" (99 cm)

We'll Be at the World Dairy Expo!

While you're at the World Dairy Expo this fall, make sure to stop by our booth (#EH 1715 / 1716 in the Exhibition Hall) to review the new SyrVet Livestock Prod. We'll also have our Livestock Markers and farmer-favorite CAI-PAN® mint Udder cream on display. We'll see you there!
